PRODIGEE

Simply
Smarter.

Our Mission

To create innovative transport solutions for a sustainable world, the focus must be on passenger safety and iconic design

Our products complement the lives of families, supporting their mobility and encouraging them to ride their bicycles more often and in new ways.

Guided by key values and innovative thinking, Prodigee delivers the perfect blend of function, performance and style.

Patented design solutions are combined with the latest technology to keep both riders and passengers as safe as possible, always.

User Profiles

City Movers

These career-focused individuals choose exercise to de-stress after work. Mindful of their environmental impact, they seek sustainable ways to commute with their young families.

Renting or owning a house/apartment in a major European city, they enjoy spending time with their children but can struggle to do so due to a busy schedule.

Family Adventurers

These young parents highly value family time, primarily at the weekend. They enjoy getting outdoors, whatever the weather, exploring new areas together.

They are conscious of their carbon footprint and take a keen interest in living sustainably.
Their jobs afford a comfortable lifestyle

A close-up photograph of a car seat. The seat features a dark grey plastic frame and a vibrant orange fabric upholstery. The fabric has a fine, woven texture. The seat is shown from a side-on perspective, highlighting the contours of the backrest and the seat cushion. The background is a plain, light color, which makes the seat stand out.

Icon Seat

Designed & engineered to comply with
EN14344:2022
